

Bryce Parry

Lewis Hall Office 109
Seattle, WA

mindofbp.github.io
bparry2@uw.edu

Education

University of Washington

September 2025 – Present

Master of Science Applied Mathematics

Seattle, WA

Florida State University

August 2017 – August 2020

Bachelor of Science Mathematics – Minor Computer Science

Tallahassee, FL

Research Experience

Graduate Student Researcher

March 2026 – Present

University of Washington – Prof. Heather Wilber

Seattle, WA

- Developed a numerical solver for acoustic scattering in domains with strong trapping features using singular quadrature techniques.
- Co-led a reading group on boundary integral equations and prepared typed notes.

Teaching and Employment

Teaching Assistant

Autumn 2026 – Present

University of Washington – Department of Applied Mathematics

Seattle, WA

- Autumn 2026 – AMATH 481/581 Scientific Computing – Prof. Bamdad Hosseini – 207 students

Grader

Spring 2026

University of Washington – Department of Applied Mathematics

Seattle, WA

- AMATH 507 Calculus of Variations – Prof. Frederic Wan
- Graded weekly homework assignments and final examination.

Lead Software Engineer

February 2022 – May 2025

Resound.fm

Remote

- Led a team of four engineers at Series A startup building an ML audio editing platform.
- Designed and built the backend system for platform with 20,000 users managing 300TB of audio/video data.
- Automated event-driven data-collection pipeline within a Python application to clean user-action data into over 700GB of data for AI training and validation.

Software Engineer

September 2020 – February 2022

Resonate Recordings

Remote

- Provide full stack development of a PHP Laravel web application providing amateur and enterprise production teams with a platform to have audio-content edited, mixed, and hosted.
- Built large data pipeline leveraging dbt to clean and process raw BigQuery tables into aggregated podcast analytics data, and optimized BigQuery lookups to report analytics to users.

Peer Tutor

August 2019 – May 2020

Florida State University Tutoring Center

Strozier Library

- Provided drop-in tutoring for undergraduate students in calculus, algebra, and ordinary differential equations.

Research Presentations

Parry, B., “Quadrature By Expansion: Evaluating Nearly Singular Integrals.” University of Washington Applied Mathematics Numerical Analysis Research Club, Seattle, WA. June 2026
[Presentation]

Awards & Honors

President's List*Florida State University*

2017-2018

Florida Bright Futures Scholar – Full Tuition Scholarship*Florida State University*

2017 – 2021

Freshman Scholarship – Tuition Scholarship*Florida State University*

2017 – 2020

Service

Treasurer*SIAM Student Chapter*

Manage yearly budget and plan weekly chapter meetings.

June 2026 – Present

*University of Washington***Vice President***Society of Undergraduate Math Students (SUMS)*

Set goals, planned weekly meetings, and found presenters to speak to club of approximately 50 undergraduate math students.

2019 – 2020

*Florida State University***Volunteer***Math Fun Day*

Organized activity on dynamical systems and chaos for community event aimed at elementary school students.

2020

*Florida State University***Junior Counselor***Orlando Science Center Summer Camps*

Assisted camp counselors in educational programming and student engagement. Focus was on interactive science learning.

Summer 2015 – 2016

Orlando, FL

Professional Membership

Society of Industrial and Applied Mathematicians (SIAM)

2025 – Present

American Mathematical Society (AMS)

2025 – Present

Specialized Skills

Programming: Matlab, Python, Julia, Mathematica, C++, LaTeX, Excel, AutoCAD, SQL, PHP, Google Cloud Platform, git, Unix**Languages:** English (native), French (basic)
